

Hawai'i Energy

ENERGY ADVANTAGE

LOW-COST LIGHTING RETROFITS

WHAT IS THE ENERGY ADVANTAGE PROGRAM?

The program provides qualifying businesses with lighting upgrades at significantly reduced prices. Energy-efficient lighting is one of the simplest, most effective ways to lower your electricity costs – not to mention you can improve the look of your space in no time! (In fact, most participants save enough on electric bills to pay for the upgrade in less than a year!)

WHO WILL QUALIFY?

Your business qualifies if it is located within Hawai'i, Honolulu, or Maui counties and is one of the following:

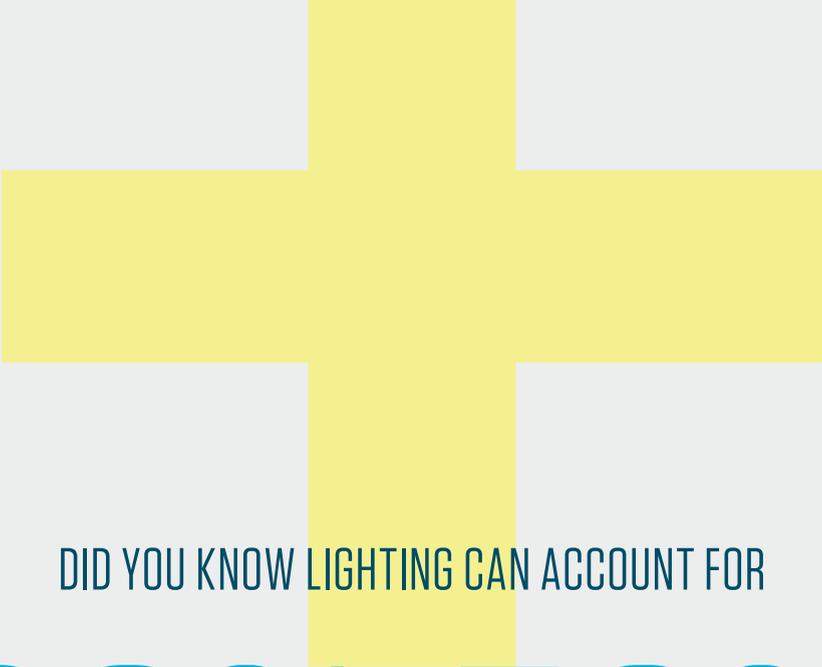

- 1 A restaurant
- 2 A small business on electric utility billing rate schedule G
- 3 A small business on a master-metered electric utility account with a total space less than 5,000 ft²
- 4 A common area in a multi-tenant affordable housing* property

**Projects owned by private, non-profit or government entities, developed with funding or support from federal, state or county resources (Source: DBEDT Hawaii). This may include elderly housing, public housing, or Section 8 voucher approved housing. Contact Hawai'i Energy for more information.*

“Hawai'i Energy was very helpful in the sense of understanding all the steps in the processes that we had to go through. It was seamless, effortless and enjoyable, and in the end, the program helps to save us a lot of money on our electric bill.” –Ahmad Ramadan & Ako Kifuji, owners

DA SPOT Honolulu, HI

DID YOU KNOW LIGHTING CAN ACCOUNT FOR

20%-50%

OF YOUR ELECTRIC BILL?

Let Hawai'i Energy help lower your electricity use
and operating costs with a low-cost lighting retrofit.

HOW DOES IT WORK?

CHOOSE AN APPROVED CONTRACTOR

To qualify, you must use a Hawai'i Energy-approved participating contractor. For a full list, visit: hawaiienergy.com/energyadvantage-contractors.

GET A FREE LIGHTING ASSESSMENT

Your contractor will audit your existing lighting and prepare a proposal for your review.

PREVIEW YOUR NEW LIGHTING

Your contractor will install a lighting sample, secure your approval before the full retrofit and help you complete your application.

GET YOUR LIGHTING INSTALLED

Your new, energy-efficient lighting will be installed at your convenience. Enjoy your energy savings!

hawaiienergy@leidos.com

WHAT DOES YOUR LIGHTING LOOK LIKE?

If you recognize any of these lights, your business could benefit from a retrofit. Your contractor can help you choose the best replacements for your needs.

PAR 30/38 Halogen Bulb

T8/T12 Fluorescent Lamp

U-Bend Fluorescent Lamp

MR16 Halogen Bulb

DO YOU HAVE REFRIGERATED CASE LIGHTING?

If so, you can replace it with LED lights that use up to 50% less electricity and last longer. Your products will look better too!

Hawai'i Energy

WHO IS HAWAI'I ENERGY?

Hawai'i Energy helps educate island families and businesses about the many and lasting benefits of energy efficiency and conservation. We encourage and reward smart energy decisions that allow our state to reach 100% clean energy faster and cheaper and, to date, have saved Hawai'i more than a billion dollars in energy costs.
